   Westat (USA)

In this booklet you will find questions about:

- You (Section A)
- Your Family and Home (Section B)
- Learning Mathematics (Section C)
- Your Mathematics Experiences (Section D)
- Your School (Section E)

Please read each question carefully and answer as accurately as you can. In the test you usually circle your answers. For this questionnaire, you will normally answer by ticking a box. For a few questions you will need to write a short answer.

If you make a mistake when ticking a box, cross out your error and check the correct box. If you make an error when writing an answer, simply cross it out and write the correct answer next to it.

In this questionnaire, there are no 'right' or 'wrong' answers. Your answers should be the ones that are 'right' for you.

You may ask for help if you do not understand something or are not sure how to answer a question.

Your answers will be combined with others to make totals and averages in which no individual can be identified. All your answers will be kept confidential.

### SECTION <A>: ABOUT YOU

|    |                              |  | ST01 |
|----|------------------------------|--|------|
| Q1 | What <grade> are you</grade> | ı in?                                      |      |
|    |                              | _  |      |
|    |                              |  | ST02 |
| Q2 | Which one of the follo       | wing <programmes> are you in?</programmes> |      |
|    | (Please tick only one box.)  | )  |      |
|    | <programme 1=""></programme> |  |      |
|    | <programme 2=""></programme> |  |      |
|    | <programme 3=""></programme> | $\square_3$                                |      |
|    | <programme 4=""></programme> | 4  |      |
|    | <programme 5=""></programme> |  |      |
|    | <programme 6=""></programme> |  |      |

| Q3 | On what date were you l   | oorn?                    |      |
|----|---|--------------------------|------|
|    | (Please write the day, month  | and year you were born.) |      |
|    |   | 19                       |      |
|    | Day Month   | Year                     |      |
|    |   |                          | ST04 |
| Q4 | Are you female or male?   |                          |      |
|    | Female Male   |                          |      |
|    |   |                          |      |
|    |   |                          |      |
|    |   |                          | ST05 |
| Q5 | Did you attend <isced (<="" th=""><th><b>)&gt;</b>?</th><th></th></isced> | <b>)&gt;</b> ?           |      |
|    | No  |                          |      |
|    | Yes, for one year or less   |                          |      |
|    | Yes, for more than one year   |                          |      |

| Q6 | 6 How old were you when you started <isced 1="">?</isced> |   |           |               |      |
|----|---|---|-----------|---------------|------|
|    |   | Y   | ears      |               |      |
|    |   |   |           |               | ST07 |
| Q7 | Have you ever re  | epeated a <grac< th=""><th>de&gt;?</th><th></th><th></th></grac<> | de>?      |               |      |
|    | (Please tick only on                                      | ne box in each rov  | v.)       |               |      |
|    |   | No, never   | Yes, once | Yes, twice or |      |
|    | a) At <isced 1=""></isced>                                |   |           | $\square_3$   |      |
|    | b) At <isced 2=""></isced>                                |   |           |               |      |
|    | c) At <isced 3=""></isced>                                |   |           | $\square_3$   |      |

| Q8 | In the last two full weeks of arrive late for school?  | school, how many times did you |
|----|--|--------------------------------|
|    | (Please tick only one box.)  |                                |
|    | None   |                                |
|    | One or two times   |                                |
|    | Three or four times  | $\square_3$                    |
|    | Five or more times   |                                |
|    |  | STOS                           |
| Q9 | In the last two full weeks of <a href="mailto:skip"><a a="" day?<="" school="" whole=""></a></a> | school, how many times did you |
|    | (Please tick only one box.)  |                                |
|    | None   |                                |
|    | One or two times   |                                |
|    | Three or four times  | $\square_3$                    |
|    | Five or more times   | 4                              |
|    |  |                                |

## Q10 In the last two full weeks of school, how many times did you <skip> some classes?

| (Please tick only one box.) |             |
|-----------------------------|-------------|
| None                        | $\square_1$ |
| One or two times            |             |
| Three or four times         | $\square_3$ |
| Five or more times          |             |

### **SECTION <B>: ABOUT YOUR FAMILY AND HOME**

In this section you will be asked some questions about your family and your home.

Some of the following questions are about your mother and father or those persons who are like a mother or father to you — for example, guardians, step-parents, foster parents, etc.

If you share your time with more than one set of parents or guardians, please answer the following questions for those parents/guardians you spend the most time with.

ST11

### Q11 Who usually lives at <home> with you?

|    |  | Yes | No          |
|----|--|-----|-------------|
| a) | Mother (including stepmother or foster mother) |     | $\square_2$ |
| b) | Father (including stepfather or foster father) |     |             |
| c) | Brother(s) (including stepbrothers)            |     |             |
| d) | Sister(s) (including stepsisters)              |     |             |
| e) | Grandparent(s)                                 |     |             |
| f) | Others (e.g. cousin)                           |     |             |

| What is your mother's main job (e.g. school teacher, kitchen-ha  |  |

### Q24 What language do you speak at home most of the time?

(Please tick only one box.)

<Language 1>

<Language 2>

<Language 3>

<...etc. >

Changuage

Other language

### Q25 Which of the following are in your home?

|    |  | Yes | No          |
|----|--|-----|-------------|
| a) | A desk to study at   | 1   | $\square_2$ |
| b) | A room of your own   |     |             |
| c) | A quiet place to study                                       |     |             |
| d) | A computer you can use for school work                       | 1   |             |
| e) | Educational software   |     |             |
| f) | A link to the Internet                                       |     |             |
| g) | Classic literature (e.g. <shakespeare>)</shakespeare>        |     |             |
| h) | Books of poetry  | 1   |             |
| i) | Works of art (e.g. paintings)                                |     |             |
| j) | Books to help with your school work                          |     |             |
| k) | <technical books="" reference=""></technical>                |     |             |
| 1) | A dictionary   | 1   |             |
| m) | A dishwasher   | 1   |             |
| n) | A <dvd> player</dvd>   | 1   |             |
| o) | <country-specific 1="" item="" wealth=""></country-specific> |     |             |
| p) | <country-specific 2="" item="" wealth=""></country-specific> |     |             |
| q) | <country-specific 3="" item="" wealth=""></country-specific> |     |             |

### Q26 How many of these are there at your home?

|     |  | None             | One   | Two       | Three or<br>more |
|-----|--|------------------|-------|-----------|------------------|
| a)  | Cellular phones  |                  |       |           | $\square_{_{4}}$ |
| b)  | Televisions  |                  |       |           |                  |
| c)  | Computers  |                  |       |           | $\square_4$      |
| d)  | Cars   |                  |       |           |                  |
| e)  | Rooms with a bath or shower                                |                  |       |           |                  |
|     |  |                  |       |           | ST28             |
| Q27 | How many books are ther                                    | e in your        | home? |           |                  |
|     | There are usually about 40 bo magazines, newspapers, or yo | =                | -     | ng. Do no | t include        |
|     | (Please tick only one box.)                                |                  |       |           |                  |
|     | 0-10 books   |                  |       |           |                  |
|     | 11-25 books  | $\square_{_{2}}$ |       |           |                  |
|     | 26-100 books   | $\square_3$      |       |           |                  |
|     | 101-200 books  | 4                |       |           |                  |
|     | 201-500 books  | 5                |       |           |                  |
|     | More than 500 books  | 6                |       |           |                  |

### **SECTION <C>: ABOUT LEARNING MATHEMATICS**

ST53

## Q28 For each group of three items, please choose the item that best describes your approach to mathematics.

| <i>a</i> ) | Please      | tick only one of the following three boxes.  |
|------------|-------------|--|
|            |             | When I study for a mathematics test, I try to work out what the most important parts to learn are.               |
|            | $\square_2$ | When I study for a mathematics test, I try to understand new concepts by relating them to things I already know. |
|            | $\square_3$ | When I study for a mathematics test, I learn as much as I can off by heart.                                      |
| <i>b</i> ) | Please      | tick only one of the following three boxes.  |
|            |             | When I study mathematics, I try to figure out which concepts I still have not understood properly                |
|            |             | When I study mathematics, I think of new ways to get the answer.   |
|            | $\square_3$ | When I study mathematics, I make myself check to see if I remember the work I have already done                  |
| c)         | Please      | tick only one of the following three boxes.  |
|            |             | When I study mathematics, I try to relate the work to things I have learnt in other subjects.                    |
|            |             | When I study mathematics, I start by working out exactly what I need to  |
|            | $\square_3$ | When I study mathematics, I go over some problems so often that I feel as if I could solve them in my sleep.     |
| d)         | Please      | tick only one of the following three boxes.  |
|            | $\Box_1$    | In order to remember the method for solving a mathematics problem, I go through examples again and again.        |
|            |             | I think about how the mathematics I have learnt can be used in everyday life.                                    |
|            | $\square_3$ | When I cannot understand something in mathematics, I always search for more information to clarify the problem.  |

### Q29 How many hours do you typically spend per week attending <out-of-school-time lessons> in the following subjects?

These are only lessons in subjects that you are also learning at school, which you spend learning extra time on outside of normal school hours. The lessons may be given at your school, at your home or somewhere else.

|                              | I do not<br>attend<br><out-of-<br>school-time<br/>lessons&gt; in<br/>this subject</out-of-<br> | Less than 2<br>hours a<br>week | 2 or more<br>but less<br>than 4<br>hours a<br>week | 4 or more<br>but less<br>than 6<br>hours a<br>week | 6 or more<br>hours a<br>week |
|------------------------------|--|--------------------------------|--|--|------------------------------|
| a) <test language=""></test> |  | $\square_2$                    | $\square_3$  | $\square_4$  | $\square_5$                  |
| b) Mathematics               |  | $\square_2$                    | $\square_3$  | $\Box_4$   | $\square_5$                  |
| c) <science></science>       |  | $\square_2$                    | $\square_3$  | $\Box_4$   | $\Box_5$                     |
| d) Other Subjects            | 1  | $\square_2$                    | $\square_3$  | $\Box_4$   | $\Box_5$                     |

## Q30 Thinking about all school subjects: on average, how many hours do you spend each week on the following?

When answering, include time spent on the weekend too.

| a) | Homework or other study set by your teachers  | hours per week |
|----|---|----------------|
| b) | Out of the time spent in (a), how many hours do you work on your homework with somebody overlooking and providing help if necessary ("guided homework"), either at school or elsewhere? | hours per week |
| c) | Work with a personal <tutor> (whether paid or not)</tutor>  | hours per week |
| d) | Attend out of school classes organised by a commercial company, and paid for by your parents  | hours per week |
| e) | Study with a parent or other family member  | hours per week |
| f) | Repeat and train content from school lessons by working<br>on a computer (e.g. learn vocabulary with training<br>software)  | hours per week |

## Q31 How often have you encountered the following types of mathematics tasks during your time at school?

|    |  | Frequently | Sometimes   | Rarely      | Never       |
|----|--|------------|-------------|-------------|-------------|
| a) | Working out from a <train timetable=""> how long it would take to get from one place to another.</train> | 1          | 2           | $\square_3$ | 4           |
| b) | Calculating how much more expensive a computer would be after adding tax.                                | 1          | 2           | $\square_3$ | 4           |
| c) | Calculating how many square metres of tiles you need to cover a floor.                                   | 1          |             | $\square_3$ | 4           |
| d) | Understanding scientific tables presented in an article.   |            | $\square_2$ | $\square_3$ | $\Box_4$    |
| e) | Solving an equation like $6x^2 + 5 = 29$   | 1          | 2           | $\square_3$ | $\square_4$ |
| f) | Finding the actual distance between two places on a map with a 1:10,000 scale.                           |            |             | $\square_3$ | 4           |
| g) | Solving an equation like $2(x+3) = (x+3)(x-3)$   | 1          |             | $\square_3$ | 4           |
| h) | Calculating the power consumption of an electronic appliance per week.                                   |            |             | $\square_3$ | 4           |
| i) | Solving an equation like $3x+5=17$ .   |            |             | $\square_3$ | 4           |

## Q32 Thinking about mathematical concepts: how familiar are you with the following terms?

|  | Never<br>heard of it | Heard of<br>it once or<br>twice | Heard of<br>it a few<br>times | Heard of<br>it often | Know it well, understand the concept |
|--|----------------------|---------------------------------|-------------------------------|----------------------|--------------------------------------|
| a) Exponential Function                    |                      | $\square_2$                     | $\square_3$                   | 4                    | 5                                    |
| b) Divisor                                 |                      | $\square_2$                     | $\square_3$                   | 4                    | 5                                    |
| c) Quadratic Function                      |                      | $\square_2$                     | $\square_3$                   | 4                    | 5                                    |
| d) <proper number=""></proper>             |                      | $\square_2$                     | $\square_3$                   | 4                    | 5                                    |
| e) Linear Equation                         |                      | $\square_2$                     | $\square_3$                   | 4                    | 5                                    |
| f) Vectors                                 |                      | $\square_2$                     | $\square_3$                   | 4                    | 5                                    |
| g) Complex Number                          |                      | $\square_2$                     | $\square_3$                   | 4                    | 5                                    |
| h) Rational Number                         |                      | $\square_2$                     | $\square_3$                   | 4                    | 5                                    |
| i) Radicals                                |                      | $\square_2$                     | $\square_3$                   | 4                    | 5                                    |
| j) <subjunctive scaling=""></subjunctive>  |                      | $\square_2$                     | $\square_3$                   | $\Box_4$             | 5                                    |
| k) Polygon                                 |                      | $\square_2$                     | $\square_3$                   | $\Box_4$             | 5                                    |
| l) <declarative fraction=""></declarative> | 1                    | $\square_2$                     | $\square_3$                   | 4                    | $\square_5$                          |
| m) Congruent Figure                        | 1                    | $\square_2$                     | $\square_3$                   | $\Box_4$             | 5                                    |
| n) Cosine                                  | 1                    | $\square_2$                     | $\square_3$                   | $\Box_4$             | 5                                    |
| o) Arithmetic Mean                         | 1                    | $\square_2$                     | $\square_3$                   | 4                    | 5                                    |
| p) Probability                             |                      |                                 | $\square_3$                   | 4                    | 5                                    |

| Q33   | How many minutes, on average, are there period> for the following subjects?    | e in a <class< th=""></class<>   |
|-------|--|----------------------------------|
|       | a) Minutes in a <class period=""> in &lt; test language&gt;:</class>           | Minutes                          |
|       | b) Minutes in a <class period=""> in mathematics:</class>                      | Minutes                          |
|       | c) Minutes in a <class period=""> in <science>:</science></class>              | Minutes                          |
|       |  | ST70                             |
| Q34   | How many <class periods=""> per week do y for the following subjects?</class>  | ou typically have                |
|       | a) Number of <class periods=""> per week in <test language="">:</test></class> | <class periods=""></class>       |
|       | b) Number of <class periods=""> per week in mathematics:</class>               | <class periods=""></class>       |
|       | c) Number of <class periods=""> per week in <science>:</science></class>       | <class periods=""></class>       |

|       |  | ST72                             |
| Q36   | On average, about how many students at language> class?                        | tend your <test< td=""></test<>  |
|       | students   |                                  |

The next four questions are about your experience with different kinds of mathematics problems at school. You will see descriptions of problems and grey-coloured boxes, each containing a mathematics problem.

Please read each problem. You do NOT need to solve it.

**ST73** 

- In the box is a series of problems. Each requires you to understand a problem written in text and perform the appropriate calculations. Usually the problem talks about practical situations, but the numbers and people and places mentioned are made up. All the information you need is given. Here are two examples:
  - 1) <Ann> is two years older than <Betty> and <Betty> is four times as old as <Sam>. When <Betty> is 30, how old is <Sam>?
  - 2) Mr <Smith> bought a television and a bed. The television cost <\$625> but he got a 10% discount. The bed cost <\$200>. He paid <\$20> for delivery. How much money did Mr <Smith> spend?

### We want to know about your experience with these types of word problems at school. Do not solve them!

|   | Frequently | Sometimes | Rarely      | Never |
|---|------------|-----------|-------------|-------|
| a) How often have you encountered these types of problems in your <b>mathematics</b> lessons?           | $\Box_1$   |           | $\square_3$ | 4     |
| b) How often have you encountered these types of problems in the <b>tests you have taken at school?</b> | <u></u>    |           | $\square_3$ | 4     |

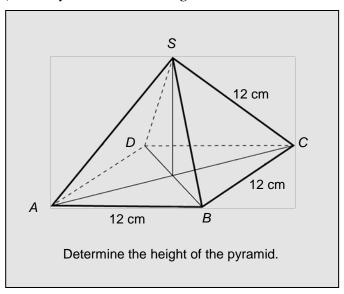

### **Q38** Below are examples of another set of mathematical skills.

1) Solve 2x + 3 = 7.
2) Find the volume of a box with sides 3m, 4m and 5m.

## We want to know about your experience with these types of problems at school. Do not solve them!

|    |  | Frequently | Sometimes   | Rarely      | Never       |
|----|--|------------|-------------|-------------|-------------|
| a) | How often have you encountered these types of problems in your mathematics lessons?                  |            | $\square_2$ | $\square_3$ | $\square_4$ |
| b) | How often have you encountered these types of problems in the <b>tests you</b> have taken at school? |            |             | $\square_3$ | $\square_4$ |

- In the next type of problem, you have to use mathematical knowledge and draw conclusions. There is no practical application provided. Here are two examples.
  - 1) Here you need to use geometrical theorems:

2) Here you have to know what a prime number is:

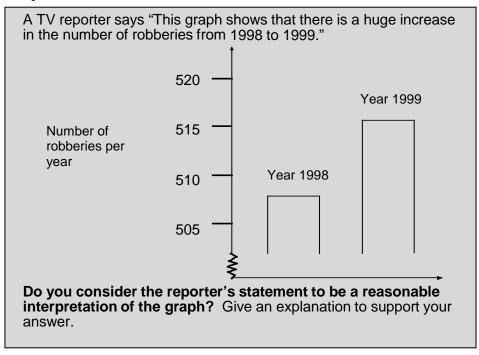

If n is any number:  $can (n+1)^2$  be a prime number?

## We want to know about your experience with these types of problems at school. Do not solve them!

|    |  | Frequently | Sometimes | Rarely      | Never    |
|----|--|------------|-----------|-------------|----------|
| a) | How often have you encountered these types of problems in your mathematics lessons?                  |            |           | $\square_3$ | 4        |
| b) | How often have you encountered these types of problems in the <b>tests you</b> have taken at school? |            |           | $\square_3$ | $\Box_4$ |

# In this type of problem, you have to apply suitable mathematical knowledge to find a useful answer to a problem that arises in everyday life or work. The data and information are about real situations. Here are two examples.

### Example 1:

### Example 2:

For years the relationship between a person's recommended maximum heart rate and the person's age was described by the following formula:

Recommended maximum heart rate = 220 - age

Recent research showed that this formula should be modified slightly. The new formula is as follows:

Recommended maximum heart rate =  $208 - (0.7 \times age)$ 

From which age onwards does the recommended maximum heart rate increase as a result of the introduction of the new formula? Show your work.

| b) How often have you encountered these types of problems in the <b>tests you have taken at school?</b> | ve $\square_1$ |           | $\square_3$ | $\square_4$ |

## Q41 Thinking about studying mathematics: to what extent do you agree with the following statements?

|   | Strongly<br>agree | Agree       | Disagree    | Strongl <sub>.</sub><br>disagre |
|---|-------------------|-------------|-------------|---------------------------------|
| a) I often worry that it will be difficult for me in mathematics classes. | 1                 | 2           | $\square_3$ | 4                               |
| b) I am just not good at mathematics.                                     |                   | $\square_2$ | $\square_3$ | 4                               |
| c) I get very tense when I have to do mathematics homework.               |                   | 2           | $\square_3$ | $\Box_4$                        |
| d) I get good <grades> in mathematics.</grades>                           |                   | $\square_2$ | $\square_3$ | 4                               |
| e) I get very nervous doing mathematics problems.                         |                   | 2           | $\square_3$ | 4                               |
| f) I learn mathematics quickly.   |                   | $\square_2$ | $\square_3$ | $\square_4$                     |
| g) I have always believed that mathematics is one of my best subjects.    |                   | 2           | 3           | 4                               |
| h) I feel helpless when doing a mathematics problem.                      |                   | 2           | $\square_3$ | 4                               |
| i) In my mathematics class, I understand even the most difficult work.    |                   | 2           | $\square_3$ | 4                               |
| j) I worry that I will get poor <grades> in mathematics.</grades>         |                   |             | 3           | 4                               |

## SECTION D: ABOUT YOUR MATHEMATICS EXPERIENCES

ST77

### Q42 How often do these things happen in your mathematics lessons?

|   | Every<br>lesson | Most<br>lessons | Some<br>lessons | Never o<br>hardly<br>ever |
|---|-----------------|-----------------|-----------------|---------------------------|
| a) The teacher shows an interest in every student's learning.     |                 |                 | $\square_3$     | 4                         |
| b) The teacher gives extra help when students need it.            | n               | $\square_2$     | $\square_3$     | 4                         |
| c) The teacher helps students with their learning.                |                 |                 | $\square_3$     | 4                         |
| d) The teacher continues teaching until the students understand.  |                 |                 | $\square_3$     | 4                         |
| e) The teacher gives students an opportunity to express opinions. | 1               |                 | $\square_3$     | $\square_4$               |

## Q43 How often do these things happen in your mathematics lessons?

|    |   | Every<br>Lesson | Most<br>Lessons | Some<br>Lessons | Never o<br>Hardly<br>Ever |
|----|---|-----------------|-----------------|-----------------|---------------------------|
| a) | The teacher sets clear goals for our learning.  |                 |                 | $\square_3$     | 4                         |
| b) | The teacher asks me or my classmates to present our thinking or reasoning at some length.                             |                 |                 | $\square_3$     | 4                         |
| c) | The teacher gives different work to classmates who have difficulties learning and/or to those who can advance faster. |                 |                 |                 | _4                        |
| d) | The teacher assigns projects that require at least one week to complete.  |                 |                 | 3               | 4                         |
| e) | The teacher tells me about how well I am doing in my mathematics class.   |                 |                 | $\square_3$     | 4                         |
| f) | The teacher asks questions to check whether we have understood what was taught.                                       |                 |                 | $\square_3$     | 4                         |
| g) | The teacher has us work in small groups to come up with joint solutions to a problem or task.                         |                 |                 |                 | 4                         |
| h) | At the beginning of a lesson, the teacher presents a short summary of the previous lesson.                            |                 |                 | $\square_3$     | 4                         |

|    |   | Every<br>Lesson | Most<br>Lessons | Some<br>Lessons | Never or<br>Hardly<br>Ever |
|----|---|-----------------|-----------------|-----------------|----------------------------|
| i) | The teacher asks us to help plan classroom activities or topics.                    |                 |                 | $\square_3$     | 4                          |
| j) | The teacher gives me feedback<br>on my strengths and weaknesses<br>in mathematics.  |                 |                 | 3               | 4                          |
| k) | The teacher tells us what is expected of us when we get a test, quiz or assignment. |                 |                 | $\square_3$     | 4                          |
| 1) | The teacher tells us what we have to learn.   |                 |                 | $\square_3$     | 4                          |
| m) | The teacher tells me what I need to do to become better in mathematics.             |                 |                 | $\square_3$     | 4                          |

# Q44 Thinking about the mathematics teacher that taught your last mathematics class: How often does each of the following happen?

|    |  | Always or<br>almost<br>always | Often | Sometimes   | Never or<br>rarely |
|----|--|-------------------------------|-------|-------------|--------------------|
| a) | The teacher asks questions that make us reflect on the problem.  |                               | 2     | $\square_3$ | 4                  |
| b) | The teacher gives problems that require us to think for an extended time.  |                               |       | 3           | 4                  |
| c) | The teacher asks us to decide on our own procedures for solving complex problems.                                    |                               |       | 3           | 4                  |
| d) | The teacher presents problems for which there is no immediately obvious method of solution.                          |                               |       | 3           | 4                  |
| e) | The teacher presents problems in different contexts so that students know whether they have understood the concepts. |                               | 2     | 3           | 4                  |
| f) | The teacher helps us to learn from mistakes we have made.  |                               |       | $\square_3$ | 4                  |
| g) | The teacher asks us to explain how we have solved a problem.   |                               |       | $\square_3$ | 4                  |
| h) | The teacher presents problems that require students to apply what they have learned to new contexts.                 |                               |       | 3           | 4                  |
| i) | The teacher gives problems that can be solved in several different ways.   |                               |       |             | 4                  |

## Q45 How often do these things happen in your mathematics lessons?

|   | Every<br>lesson | Most<br>lessons | Some<br>lessons | Never or<br>hardly<br>ever |
|---|-----------------|-----------------|-----------------|----------------------------|
| a) Students don't listen to what the teacher says.                              |                 | $\square_2$     | $\square_3$     | 4                          |
| b) There is noise and disorder.   |                 |                 | $\square_3$     | 4                          |
| c) The teacher has to wait a long time for students to <quiet down="">.</quiet> | ne              |                 | $\square_3$     | 4                          |
| d) Students cannot work well.   |                 |                 | $\square_3$     | 4                          |
| e) Students don't start working for a long time after the lesson begins.        | l               |                 | $\square_3$     | 4                          |

# Q46 Below you will find descriptions of three mathematics teachers. Read each of the descriptions of these teachers, then let us know to what extent you agree with the final statement.

|   | Strongly<br>agree | Agree | Disagree    | Strongly<br>disagree |
|---|-------------------|-------|-------------|----------------------|
| a) Ms. <name> sets mathematics homework every other day. She alway gets the answers back to students before examinations. Ms. <name> is concerned about her students' learning.</name></name> |                   |       |             | $\Box_4$             |
| b) Mr. <name> sets mathematics homework once a week. He always ge the answers back to students before examinations. Mr. <name> is concerned about his students' learning.</name></name>       | ts1               |       | $\square_3$ | 4                    |
| c) Ms. <name> sets mathematics homework once a week. She never get the answers back to students before examinations. Ms. <name> is concerned about her students' learning</name></name>       | s — <sub>1</sub>  |       | $\square_3$ | $\Box_4$             |

# Q47 Thinking about the mathematics teacher who taught your last mathematics class: to what extent do you agree with the following statements?

|    |  | Strongly<br>agree | Agree       | Disagree    | Strongly<br>disagree |
|----|--|-------------------|-------------|-------------|----------------------|
| a) | My teacher lets us know we need to work hard.                  | 1                 | $\square_2$ | $\square_3$ | $\square_4$          |
| b) | My teacher provides extra help when needed.                    | 1                 | $\square_2$ | $\square_3$ | 4                    |
| c) | My teacher helps students with their learning.                 | 1                 | $\square_2$ | $\square_3$ | 4                    |
| d) | My teacher gives students the opportunity to express opinions. |                   |             | $\square_3$ | $\square_4$          |

# Q48 Below you will find descriptions of three mathematics teachers. Read each of the descriptions of these teachers, then let us know to what extent you agree with the final statement.

|   | Strongly<br>agree | Agree | Disagree    | Strongly<br>disagree |
|---|-------------------|-------|-------------|----------------------|
| a) The students' in Ms. <name's> class frequently interrupt her lessons. She always arrives five minutes early to class. Ms. <name> is in control of he classroom.</name></name's>            | er                |       | $\square_3$ | $\square_4$          |
| b) The students' in Ms. <name's> class are calm and orderly. She always arrives on time to class. Ms. <name> in control of her classroom.</name></name's>                                     | is                |       | $\square_3$ | $\Box_4$             |
| c) The students' in Mr. <name's> class frequently interrupt his lessons. As a result, he often arrives five minutes late to class. Mr. <name> is in control of his classroom.</name></name's> | $\Box_1$          |       | $\square_3$ | $\Box_4$             |

# Q49 Thinking about the mathematics teacher who taught your last mathematics class: to what extent do you agree with the following statements?

|      |  | Strongly<br>agree | Agree | Disagree    | Strongly<br>disagree |
|------|--|-------------------|-------|-------------|----------------------|
|      | My teacher gets students to listen to him or her.                            |                   |       | 3           | 4                    |
| b) I | My teacher keeps the class orderly.  | 1                 |       | 3           | 4                    |
| c) I | My teacher starts lessons on time.   |                   |       | $\square_3$ | 4                    |
|      | The teacher has to wait a long time for students to <quiet down="">.</quiet> |                   |       | $\square_3$ | 4                    |

### **SECTION E: ABOUT YOUR SCHOOL**

**ST86** 

## Q50 Thinking about the teachers at your school: to what extent do you agree with the following statements?

|  | Strongly<br>agree | Agree       | Disagree    | Strongly<br>disagree |
|--|-------------------|-------------|-------------|----------------------|
| a) Students get along well with most teachers.               | it1               |             | $\square_3$ | 4                    |
| b) Most teachers are interested in students' well-being.     |                   |             | 3           | 4                    |
| c) Most of my teachers really listen to what I have to say.  |                   | $\square_2$ | $\square_3$ | 4                    |
| d) If I need extra help, I will receive it from my teachers. | 2                 |             | $\square_3$ | 4                    |
| e) Most of my teachers treat me fairly.                      | 1                 |             | $\square_3$ | 4                    |

## Q51 Thinking about your school: to what extent do you agree with the following statements?

|   | Strongly<br>agree | Agree | Disagree    | Strongly<br>disagree |
|---|-------------------|-------|-------------|----------------------|
| a) I feel like an outsider (or left out of things) at school. |                   |       | 3           | 4                    |
| b) I make friends easily at school.                           |                   |       | $\square_3$ | $\square_4$          |
| c) I feel like I belong at school.                            |                   |       | $\square_3$ | 4                    |
| d) I feel awkward and out of place in my school.              |                   |       | $\square_3$ | 4                    |
| e) Other students seem to like me.                            |                   |       | $\square_3$ | $\square_4$          |
| f) I feel lonely at school.                                   |                   |       | $\square_3$ | $\square_4$          |
| g) I feel happy at school.                                    |                   |       | $\square_3$ | $\square_4$          |
| h) Things are ideal in my school.                             |                   |       | $\square_3$ | $\square_4$          |
| i) I am satisfied with my school.                             |                   | 2     | $\square_3$ | 4                    |

## Q52 Thinking about what you have learned at school: to what extent do you agree with the following statements?

|   | Strongly<br>agree | Agree       | Disagree    | Strongly<br>disagree |
|---|-------------------|-------------|-------------|----------------------|
| a) School has done little to prepare for adult life when I leave school | 1                 |             | $\square_3$ |                      |
| b) School has been a waste of time.                                     |                   |             | $\square_3$ | $\Box_4$             |
| c) School has helped give me confidence to make decisions.              |                   | $\square_2$ | $\square_3$ | $\square_4$          |
| d) School has taught me things which could be useful in a job.          | ch                |             | $\square_3$ | $\square_4$          |

## Q53 Thinking about your school: to what extent do you agree with the following statements?

|  | Strongly<br>agree | Agree       | Disagree    | Strongly<br>disagree |
|--|-------------------|-------------|-------------|----------------------|
| <ul> <li>a) Trying hard at school will help n<br/>get a good job.</li> </ul> | ne                |             | 3           | $\square_4$          |
| b) Trying hard at school will help n get into a good <college>.</college>    | ne                |             | $\square_3$ | 4                    |
| c) I enjoy receiving good <grades></grades>                                  |                   |             | $\square_3$ | $\Box_4$             |
| d) Trying hard at school is importan   | $\Box_1$          | $\square_2$ | $\square_3$ | 4                    |

## Q54 Thinking about your school: to what extent do you agree with the following statements?

(Please tick only one box in each row.)

|  | Strongly<br>agree | Agree | Disagree    | Strongl <sub>2</sub><br>disagre |
|--|-------------------|-------|-------------|---------------------------------|
| a) If I put in enough effort, I can succeed in school.   |                   |       |             | 4                               |
| b) It is completely my choice whether or not I do well at school.                              |                   |       | $\square_3$ | 4                               |
| c) Family demands or other problems prevent me from putting a lot of time into my school work. |                   |       |             | 4                               |
| d) If I had different teachers, I would try harder at school.                                  |                   |       |             | 4                               |
| e) If I wanted to, I could perform well at school.   |                   |       | $\square_3$ | 4                               |
| f) I perform poorly at school whether or not I study for my exams.                             |                   |       | $\square_3$ |                                 |
